

## The 2019 Amazing Technology Race Challenge

Friday, June 14, 2019, 8:00 a.m. to 6:00 p.m.  
Held on South Bass Island

Form a team of two to four people and compete to win prizes.  
**Grand Prize – A Technology race kit; two iPad Minis  
and two Handheld GPS's.**

(Graduate Credit Available)

---

**Description:** Each team will either bring an iPad or receive an iPad Air and borrow a Garmin eTrex Venture HC GPS. Learn the basic and advanced functions of each device. Armed with these technology tools, you will race around South Bass Island on golf carts and complete a series of technology challenges; take pictures, create videos, upload information to Google docs, create a slide presentation, and much more. Share your findings and spend time collaborating and creating lessons. All teams receive prizes. A wonderful technology team building session!

---

**Cost:** \$170 per person, two-person team; \$160 per person, three-person team  
\$150 per person, four-person team.

Cost includes roundtrip transportation on Jet Express (from Port Clinton), golf cart rental, and an adventure bag.

To receive the latest brand new 32-GB iPad Air

\*add \$165 per person, two-person team

\*add \$110 per person, three-person team

\*add \$83 per person, four-person team

**Location:** South Bass Island (Put-In-Bay)

**Graduate Credit:** One credit will be available through Ashland University for an additional \$170 by attending the entire session and completing a project.

Form a team today and register!
